

LOWELL TACKER, AIA, LEED® AP

PRINCIPAL IN CHARGE

BIO:

Lowell has over 21 years of varied and extensive experience in building types such as community centers, residence halls and conference centers. His recent focus has been educational design with projects ranging from athletic complexes and new high schools to bond planning. Lowell is a consummate problem solver, and his ability to assess the issues and to develop solutions is invaluable. His understanding of sustainable building practices is an asset with green design and LEED certification projects.
